

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 1439 – SB 1462

January 15, 2016

SUMMARY OF BILL: Authorizes Putnam County to remove overgrown vegetation and debris from any owner-occupied residential property.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – To the extent Putnam County elects to remove vegetation or debris from an owner-occupied residential property, there will be a permissive increase in expenditures to Putnam County reasonably estimated to exceed \$100.

Assumptions:

- Putnam County is not required to remove any vegetation or debris.
- Any permissive action to remove vegetation or debris from an owner-occupied property will increase expenditures for Putnam County.
- The extent and timing of any permissive increase in expenditures for Putnam County cannot be determined because any increase will be dependent upon multiple unknown factors such as when a removal would occur, the number of properties where removal would occur, and the extent of labor, equipment, and transportation required to undertake any such removal. However, for any occurrence Putnam County elects to remove vegetation or debris from an owner-occupied property, the permissive increase in expenditures for Putnam County is reasonably estimated to exceed \$100.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.
